APPLES

Apple varieties listed in approximate order of ripening. Those marked ** bear very young.

RED JUNE

**YELLOW TRANSPARENT

**ANOKA—A new variety that bears very young and heavily. Good quality. Ripens between yellow transparent and Gravenstein.

GRAVESTON

RED GRAVESTON

CRESWELL—A new variety that ripens between Gravenstein and Jonathan. Very promising.

KING

**JONATHAN

WINTER BANANA

WAXEN—An old-time cooking apple.

**WAGENER

SNOW

RED DELICIOUS

**YELLOW DELICIOUS

SPITZENBERG

NORTHERN SPY

WINESAP

STAYMEN WINESAP

YELLOW NEWTON

RED ROME BEAUTY

LADY—A small apple used to decorate Xmas trees in times gone by. Nice eating and makes distinctive cider.

WHITNEY CRAB APPLE

HYLOP CRAB APPLE

Prices—

4 to 6 ft. whips.....	\$1.00 each
2 yr. branched	1.50 each
Select	2.50 each

PEAR

BARTLETT—Leading canning variety.

BOSC—Early fall.

WINTER NELIS—Small, winter keeper.

COMICE—Finest mid-winter variety.

ANJOU—Fine mid-winter.

Price—

Lots of	1-10	10	100

2 yr. branched, ea.....	1.50	1.40	1.25
Select, ea.....	2.50		

GRAFTED FRANQUETTE WALNUTS

Price—	Each	10	Rate
6 to 8 ft.	\$3.00		\$2.75
4 to 6 ft.	2.50		2.25
3 to 4 ft.	2.00		1.75

MAZZARD CHERRY SEEDLINGS

For top working in the orchard.

Price—	Each	10	100
3 to 4 ft. whips.....	\$0.45	.40	.35
4 to 6 ft.50	.45	.40

PEACHES

The following varieties are yellow meated freestones unless otherwise stated. In approximate order of ripening.

MAYFLOWER—Early white flesh. Cling.

ARP BEAUTY

GOLDEN JUBILEE

ROCHESTER—One of the most regular bearers.

REDHAVEN

SLAPPY

EARLY HALEHAVEN

EARLY CRAWFORD

SOUTHAVEN

MASSASOIT

VEDETTE

HALEHAVEN

J. H. HALE

VETERAN—One of best local varieties.

IMPROVED ELBERTA—The leading commercial canner. More subject to leaf-curl than many others, hence undesirable for home planting.

LATE CRAWFORD

Price—

Lots of	1-10	10	100
Select, each	\$1.50		
4 to 6 ft., each.....	1.00	90c	80c
3 to 4 ft., ea.....	.90	80c	70c
2 to 3 ft., ea.....		60c	50c

ALMONDS

ROY ALMOND—A local variety that is most dependable of all. Soft shell. Price same as peaches.

APRICOTS

Apricots are not too regular in bearing here but still are worth while in the family planting.

PERFECTION—A new, large fruited variety.

TILTON—An old variety that is about as dependable as any.

Price—Same as peaches.

PLUMS

In approximate order of ripening.

APEX PLUMCOT

BEAUTY

WICKSON—Yellow.

BURBANK—Reddish-purple.

SANTA ROSA—Purple.

GREEN GAGE—Greenish yellow.

PEACH PLUM—Purple.

SATSUMA—Red with red flesh.

BLUE DAMSON—Small blue preserving plum.

SHIRO—Yellow.

Price—	Each	10	100
4 to 6 ft. whips.....	\$1.00 each		
Selects	\$1.50 each		

PRUNES

ITALIAN—The commercial variety. Also best home canning plum. Prune acreage in the Northwest has fallen off 50% the past 15 years. We believe that the planting of prune orchards will be a very good bet under present conditions.

PETITE—The small seeded sweet prune.

IMPERIAL—A sweet prune.

Prune Prices—	Each	10	100
Prune Prices—	Each	10	100
6 to 8 ft. whips.....	\$1.00	95c	90c
4 to 6 ft.90	85c	75c
3 to 4 ft.75	65c	60c

DWARF APPLE AND PEAR TREES

Dwarf fruit trees occupy less space in the small garden. They bear fruit the equal of that of standard trees.

GRAVESTON APPLE

RED DELICIOUS APPLE

YELLOW TRANSPARENT APPLE

YELLOW DELICIOUS APPLE

BARTLETT PEAR

Price \$2.50 per tree.

SWEET CHERRY

ROYAL ANNE—Leading light cherry.

LAMBERT—Dark red and later than Royal Anne.

BING—Black.

BLACK REPUBLICAN—A good pollinizer

HOSKINS—A large fruited pollinizer.

BLACK TARTARIAN—Early black eating cherry.

Price Sweet Cherries—	Each	10	100
4 to 5 ft. whips.....	\$1.00	.95	.90
5 to 6 ft.	1.25	1.15	1.00
2 yr. branched.....	1.50		
Select	2.50		

SOUR CHERRY

KENTISH (Early Richmond)—Good pie cherry.

MONTMORENCY—Main commercial sour variety. Larger and later than Kentish.

Price Sour Cherries—	Each	10	100
3 to 4 ft.	\$0.90	.85	.80
4 to 5 ft. (½" cal.)....	1.00	.95	.90
4 to 6 ft. (¾" cal.)....	1.25	1.15	1.00
2 year	1.50		
2 yr. select.....	2.50		

AN ORCHARD IN ONE TREE

Use of our combination trees will enable the planter to grow a greater variety of varieties on a small plot of ground. You can have a summer, a fall and a winter apple all growing on a single tree. With cherries this type of tree insures a pollinizer. Such trees make nice dual purpose shade trees for the small lot.

APPLES—We offer the following combinations of varieties.

Gravenstein, Red Delicious, Jonathan. King, Winesap, Red Gravenstein. Jonathan, Spitzenberg, Gravenstein. Red June, Spitzenberg, Gravenstein. Red Rome, Gravenstein, Red Delicious. Yellow Transparent, Snow, Yellow Delicious. Many of the above apple varieties may be had with only two to the tree, instead of three.

CHERRIES—

Hoskins, Lambert, Royal Anne. Hoskins, Black Tartarian, Royal Anne. Hoskins, Bing, Royal Anne. Hoskins, Bing, Black Tartarian.

PEARS—

Comice, Bosc, Bartlett.

PLUMS—

Peach Plum, Satsuma, Early Italian. Burbank, Tilton Apricot, Green Gage. Santa Rosa, Peach Plum, Apex Plumcot.

Price of combination trees—

These are strong branched trees, 5 feet to 7 feet tall.

3 variety trees.....\$2.50 each
2 variety trees.....2.00 each
Select extra heavy trees.....3.50 each

Shipping of Combination Trees—These are too tall for parcel post shipment. They can go by express, shipping cost paid by buyer.

GRAPES

A properly planned grape planting will provide delicious fruit from mid-August until Thanksgiving time. A number of the European or so-called "California" varieties can be grown well here. Out of our test plantings of some 60 varieties, we offer the following that have indicated merit here.

In approximate order of ripening.
E—Indicates European or tight skin variety.
A—Is American or slip-skin variety.

PERLE de CASABA, E—Earliest Sweet white grape of fine quality.

SENECA, A—Finest quality. Don't miss this one.

ONTARIO, A—Green. Our earliest slip-skin variety.

EARLY MUSCAT, E—Fine muscat flavor.

FREDONIA, A—Our earliest blue grape and one of best.

YATES, A—A red sweet, nicely flavored grape.

RUBY, A—Red.

PORTLAND, A—A fine white variety. Productive.

CAMPBELL'S EARLY, A—Popular blue variety.

NIAGARA, A—A fine, productive white variety.

BRONZE SEEDLESS, A—A seedless blue variety.

EMPIRE STATE, A—Blue.

WORDEN, A—A popular blue, closely resembling Concord.

CONCORD, A—Blue.

GOLDEN MUSCAT — Tremendous producer of golden yellow grapes.

CACO, A—Fine big red grapes.

SALEM, A—A big, red variety that ripens toward the end of the season; very productive.

URBANA, A—A very heavy producer. Late. Tough skin enables it to withstand fall rains. We have eaten these Thanksgiving day.

BACO—Baco is a hybrid between European wine grapes and American grapes. Tremendous producer of small, blue grapes. Ripens early enough to sugar up perfectly. For wine this can't be beaten.

Price—All Grapes—

Two year vines, 50c each; \$5.00 dozen

HEDGING

With the present cost of lumber, paint and nails, a live fence is cheaper than a wooden fence. No depreciation. It gets better year by year.

Plant privet a foot apart for clipped hedges. Laurel 30 inches and Lawson cypress 30 inches to 4 feet.

CALIFORNIA PRIVET

ENGLISH PRIVET — Privets make low priced, satisfactory, medium height clipped hedges. Price—1 yr., 15 to 18 inch plants, \$1.00 dozen. \$7.00 per 100.

ENGLISH LAUREL—Large leaf evergreen hedge for medium to tall hedges. Rapid grower. 1 yr., 12 to 15 inch, \$1.75 per dozen. \$12.50 per 100.

LAWSON CYPRESS (Port Orford Cedar) Can be used either for clipped hedges and high live walls or as an unclipped border or screen plant. 30 to 36 inch plants, \$1.25 each. \$12.50 per dozen. 36 to 48 inch plants, \$1.50 each; \$15.00 dozen. 12 to 15 inch plants, \$6.00 dozen.

Also available for hedges are Boxwood, Portugal Laurel and Evonymous.

BOXWOOD—Both dwarf (for edging) and tree boxwood (for hedging)—\$2.00 dozen in small sizes. \$15.00 per 100.

BERRIES

Keep down the HIGH COST OF LIVING by growing plenty of berries. They are easily grown, yield bountifully and produce a crop the second summer.

CASCADE BLACKBERRY—The finest of all cane berries for pies, jam and fresh use is this berry produced by crossing the loganberry on our little wild blackberry. Plant them 6 to 8 feet apart and train on trellis. A dozen plants will supply table and canning. 2-year plants, 25c each; \$2.50 dozen; \$15.00 per 100.

BOYSENBERRY, YOUNGBERRY, LOGANBERRY—These are all grown on trellis like the Cascade and should all be in the home garden. By planting both Youngberry and Boysenberry one will lengthen the fruiting season by two weeks. A minimum planting would be half a dozen plants of each. For eating fresh, canning, jams and pies.

Price same as Cascade Blackberry.

THORNLESS YOUNGBERRY and THORNLESS LOGANBERRY—35c each; \$3.50 doz.

THORNLESS EVERGREEN BLACKBERRY—The heaviest producer of all berries. 2 or 3 plants will supply the family needs. Transplants, 35c each; 3 for \$1.00.

CHEHALEM BLACKBERRY — This new berry was released by the U.S. Dept. of Agriculture last year. It is a coal black berry that seems at best for freezing. Ripens as Boysenberry is going out of bearing, thus lengthens the cane berry season when added to the family berry patch.

Price—Tips (available March or April) 3 for \$1.00; \$2.50 doz. Transplants (fall delivery) 50c each; 5 for \$2.00; \$4.00 dozen.

WILLAMETTE—Very large berries. Heavy producer. Longest raspberry season of any. Usually repeats lightly in fall. The most satisfactory home raspberry.

LLOYD GEORGE—Medium size and fine quality.

CUTHBERT—Long leading commercial berry. Smaller and less productive than above varieties.

NEWBOURGH—Very large and productive but not as good quality as above varieties.

Raspberry Prices—

1 yr. canes, \$1.00 dozen, \$6.00 per 100

ST. REGIS Everbearing RASPBERRY—\$1.50 a dozen, \$7.50 per 100.

MUNGER BLACKCAPS—25c ea; \$2.50 dz.

OREGON CHAMPION GOOSEBERRY — The common variety for canning and pies. 25c each; \$2.50 a dozen.

INDUSTRY GOOSEBERRY—This is the big English variety that turns red when ripe. 35c each; 3 for \$1.00.

RED LAKE CURRANTS—New. High quality. Productive.

FAY CURRANTS—The old standby. 2 yr. bushes, 25c each; \$2.50 dozen; \$15.00 per 100.

Send for quantity prices.

STRAWBERRIES

MARSHALL—The leading home strawberry. 50c dozen; 25 for 85c; \$2.75 per hundred. Ask for price on larger lots.

ROCKHILL EVERBEARING—The runnerless everbearer. \$1.50 per dozen; 25 for \$2.50; \$10.00 per 100.

STREAMLINER—A fine, new, high quality everbearer. 75c dozen; 25 for \$1.50; \$4.50 per 100.

BLUEBERRIES—For best results plant blueberries in acid soil that has plenty of humus incorporated into it. Should be irrigated. Plant two or more varieties for pollination.

HARDING—Early. Fine home berry.

RUBEL—Mid-season.

JERSEY—Late.

2 yr. plants, \$1.00 each; \$10.00 per dozen; \$75.00 per 100.

ASPARAGUS—Mary Washington rust-proof. 2 yr., 40c dozen; 25 for 75c; \$3.00 per hundred.

RHUBARB

STRAWBERRY RHUBARB — 15c each; \$1.50 dozen.

CANADA RED—New. Big. Reddest of all and finest. 50c each; \$5.00 dozen.

FLOWERING CRAB APPLES

Flowering crab apples should be much more used here. These trees are ideal for use on town lots. They do not overgrow town lots. They provide needed shade and at the same time produce a wealth of flowers in spring and many have highly colored fruits that add much to the summer and fall landscapes. Those marked "dual purpose" in the following list have very edible fruits.

ALDENHAMENSIS — Dark purplish red buds and bronzy foliage. Purple red flowers and red, ornamental fruits.

BECHTOLD—A very slow grower. Double light pink flowers. No fruits.

BEAUTY—Dual purpose. White flowers. Very ornamental fruit. Narrow upright tree.

DOLGO—Dual purpose. White flowers. Bright red fruits. Fruits through summer makes this an outstanding variety.

ELEYI—Purplish red flowers and purple fruits. Dark foliage.

ELISE RATHKE—Pink buds followed by white flowers.

FLAME—Excellent. Bright pink buds opening to white masses of flowers. Dwarfish tree. Very attractive bright red fruits. Dual purpose.

FLORIBUNDI—Small tree somewhat weeping. Pink flowers. Yellow and red fruits.

HUPHENSIS—Valuable for vase shape and beautiful foliage and flower. Pink buds followed by white flowers. Greenish yellow and red fruits.

HOPA—Dual purpose. Purplish red flowers and orange and red fruits.

MANDSHURICA—Earliest to bloom. Pink in popcorn stage and white when open. Bright red fruits. One of best.

PURPUREA LEMOINEI — Dark carmine buds and flowers that fade to pink. Small red fruits.

RED SILVER—Dual purpose. Purplish red flowers. Purple fruits.

SCHEIDERKERI—Ten petaled pink flowers. Orange yellow fruits.

Price—

One year 4 to 6 ft. whips, \$1.50 (except Bechtold crab)

2 year branched trees, 5 to 8 feet high, \$2.00 to \$2.50

Older transplanted trees in a few varieties from 10 to 15 ft. tall at \$6.00 to \$10.00 ea.

(Some of the above list are available in whips only, some in two years only, but most in both sizes.)

WHEN TO PLANT

Nursery stock is best planted in December, January and February in this mild climate. Bare-rooted plants that are listed herein can be planted well into April, but earlier planting gives better results.

Balled shrubs and trees can be safely planted into June.

FLOWERING TREES

VESUVIUS FLOWERING PLUM—Single pink flowers with red leaves.

PISSARDI FLOWERING PLUM — Single white flowers and red leaves.

BLIERIANA FLOWERING PLUM—Double pink flowers with bronzy colored leaves.

THUNDERCLOUD FLOWERING PLUM—Large, deep purplish red leaves and white flowers.

PINK FLOWERING PEACH—Fine, clear pink flowers of good size.

RED WEEPING PEACH—Red flowers on drooping, bush-like tree. Treat this as a large shrub.

PINK FLOWERING APRICOT—The earliest to bloom. Semi-double, pink flower a little earlier than the flowering plums. Fine for forcing flowers indoors. A very worthwhile flowering tree that is too little known here.

WHITE FLOWERING APRICOT—Similar to above but white flowers.

Prices on above trees—

1 year old tree.....\$1.00 to \$1.50

5 and 6 year old transplanted specimen plums at.....\$5.00 to \$10.00

KWANZAN FLOWERING CHERRY — Double pink flowers. Most popular of the flowering cherries.

MT. FUJI—Semi-double white. Grows less rankly than Kwanzan. One of the best.

PINK PEARL—Beautiful double white.

SHADE TREES

Plant now for next summer's shade. Shade trees available December first through March. The larger the tree the earlier it should be planted. We have transplanted trees up to 15 feet high in some varieties.

BOX ELDER—3 to 4 ft. trees, \$1.00.

EUROPEAN BIRCH—Upright grower with white bark, \$1.00 to \$3.50.

CUTLEAF BIRCH—\$1.50 to \$5.00.

COTTONWOOD—Fast growing native that does well in wet spots. 5 to 6 ft. trees, \$1.00; 6 to 7 ft., \$1.50.

CATALPA—Spec. Medium fast grower with immense leaves. 3 ft., \$1.00; 8 to 9 ft., \$4.00.

CALIFORNIA BLACK WALNUT—\$1.50 to \$5.00.

ASH—Native tree that thrives in wettest soils. 6 to 7 ft., \$2.00; 8 to 9 ft., \$2.50.

American LINDEN—Medium fast grower with large leaves. Transplanted trees, \$2.00 to \$4.00.

BLACK LOCUST—5 to 6 ft., \$1.00; 6 to 8 ft., \$1.50; 12 ft., \$3.50.

NORWAY MAPLE—A medium growing maple. Fine shade tree. 5 to 6 ft., \$1.25. Up to large transplants 16 ft. at \$20.00.

SCHWEDLER'S MAPLE—A Norway variety that has red leaves in spring and very dark green later. 50c per tree higher than Norway Maple.

RED MAPLE (*Acer rubrum*) — Slower growing than above and reddish leaves in fall. \$1.50, \$2.00 and \$2.50.

SILVER MAPLE — Under side of leaves silvery. Same price as Schwedler's Maple.

GINNALA MAPLE — Shrub-like tree with small leaves brilliantly colored in fall. 3 ft., \$1.00.

OREGON MAPLE—Very fast grower — \$1.00 and up.

VINE MAPLE—When trained to a single trunk, as we offer, this makes a very attractive small growing tree with brilliant fall coloration. 5 yr. old, 5 to 6 ft. trees, transplants, \$2.50 each.

MT. ASH—Slow growing small to medium crest with fine fall display of red or orange berries. Our trees are husky transplants bearing age. 7 to 8 ft., \$2.00; 8 to 10 ft., \$3.50.

POPLARS—See under Fast Growing Shade Trees.

RED OAK—Fairly fast growing. A fine, permanent shade tree. Transplanted, branched trees, 7 feet up \$2.50 to \$5.00.

PIN OAK—Excellent shade tree — \$2.50 to \$5.00.

REDBUD—See under Flowering Trees.

SWEET GUM—A handsome, fairly large growing tree whose leaves color brilliantly in fall.

TULIP TREE—A large, fairly rapid grower. Saddle shaped leaves. Inconspicuous, tulip-like flowers. \$1.50 to \$6.00.

TRANSPLANTED TREES

Trees that grow too long in one place do not transplant well. When such trees are dug, most of the fine fibre roots that are at a distance from the trunk, are lost. We dig our trees when two or three years old, root-prune them and then replant and grow them on for one to three more years. The resulting tree develops a mass of fibrous roots near the trunk, which are dug with the tree. While such trees are more expensive to produce, they give the planter much better satisfaction. There will be less loss from transplanting, where such transplants are used and the rate of growth will be better. We are able to supply transplanted shade and flowering trees in many varieties in trees 15 feet high or more.

RARE AND UNUSUAL TREES

ALBIZZIA JULIBRISSIN—Mimosa or Silk tree. This is the tree on the Salem Post Office grounds that has attracted much attention. Pink, thistle-like flowers in mid-summer. Makes very attractive, small to medium size tree with head wider than tall. Sizes available 3 to 8 ft., \$2.50 to \$4.00.

FRANKLINIA Altamaha—Grown as small tree or better as large shrub. Dogwood-like flowers in fall. Beautiful fall coloration of leaves. Rare. \$2.50 to \$4.00.

TAN OAK (*Lithocarpus densifolia*)— An evergreen oak that is hardy here. 4 ft. balled trees, \$5.00.

SOPHORA Japonica — Jap. Pagoda tree. Chinese Scholars tree. Late appearing white flowers. Small leaves. Slow growing. Very green bark. Unusual. \$3.00.

See also flowering tree list for **STYRAX**.

OXYDENDRON

HALESIA

FAST GROWING SHADE TREES

Where quick shade is all-important, consider these varieties. Remember that the larger the tree the earlier in the winter it should be planted. In some of these varieties we can supply big, transplanted trees up to 16 feet in height. We have many of these large trees in different varieties that we do not list in this price list.

BLACK LOCUST

CAROLINA POPLAR—Makes big round-headed tree.

LOMBARDY POPLAR—Tall, very narrow tree for backgrounds or for quick shade where space is limited.

COTTONWOOD—Very fast growing native that will endure wet soil.

OREGON MAPLE—Big leaf maple. Makes very large spreading tree.

WEeping WILLOW—Large wide spreading head.

We have trees of above varieties in sizes from 5 feet up to 20 feet, depending upon variety.

Price—5 to 6 ft. trees, \$1.00. Larger sizes \$1.50, \$2.00 up to \$10.00.

SHIPPING

The prices listed herein are **SALES-YARD PRICES**.

Any of the items listed here can be shipped by express or freight at the buyer's expense. Items not too large can be shipped by parcel post. Add 10% to amount of order if parcel post is wanted (Oregon and Washington only).

Tree roses, larger shade and fruit trees cannot be shipped by parcel post.

DECIDUOUS SHRUBS

(Shrubs that lose leaves in winter)

ALTHEA Rose of Sharon—**HIBISCUS** Syr.

These late summer and fall blooming shrubs are not properly appreciated here. They grow slowly to 7 or 8 foot shrubs. We offer a good variety of color as follows.

ANEMONAEFLORUS. Semi-double pink with dark center.

AMPLISSIMA. Double. Pink.

ARDENS—Double lavender violet.

BANNER—White with red eye.

JEANNE DE ARC—White.

LUCY—Semi-double red.

PULCHRISIMA—Double light pink with dark veins at center.

PURPUREA SEMI-PLENA. Semi-double, purple.

Price on Altheas, \$1.00 to \$1.50.

JAP BARBERRY—For a thorny border or hedge to repel dogs, etc. Bushy 15-inch plants, 50c each; \$5.00 a dozen.

RED LEAF BARBERRY—Red leaves all summer. Red berries. \$1.00.

BEAUTY BUSH—\$1.00.

BUTTERFLY BUSH (*Buddleia*) — Charming pink. Old Glory, reddish-purple. \$1.25.

CALYCANTHUS (*Sweet Shrub*) — Red flowers with spicy fragrance. \$1.25.

CORAL BERRY—Currant red berries in fall. 75c.

DEUTZIA—Pink flower. *Erecta Crenata*—Upright growing with white flowers. Either variety, 75c.

FORSYTHIA (*Golden Bells*)—Earliest yellow flowers in spring. *Spectabilis*. *Spring Beauty*. *Intermedia*. 75c.

FLOWERING CURRANT—Red flowers in spring. 75c and \$1.00.

PINK TARTARIAN BUSH HONEY-SUCKLE—75c.

HYDRANGEAS — *Hydrangea PG*. Plumed hydrangea. \$1.25, \$1.50.

TREE HYDRANGEA—\$2.00 each.

HILLS OF SNOW — Flat-topped white flowers. \$1.00.

The following Hydrangeas require the shade of East or North exposures:

AVALANCHE—White.

CHISHOLM—Soft pink flowers.

REVELATION—Reddish.

TROPHEE—Salmon rose.

TRIUMPH—Deep pink.

ACUMINATA—Dainty pink flowers that are flat, rather than the usual hydrangea shape.

(The color of hydrangeas is unstable due to variation in soil content. They may bloom a different shade in your soil than in ours.

Price named varieties. Bare root plants during winter, \$1.00. In gallon cans through remainder of year, \$1.50.

GRAFTED FRENCH LILACS—

Following is a partial list of varieties that we will have available in December.

PAUL THIRION—Double claret—rose.

NIGHT—Single purple.

AMI SCHOTT—Double deep blue.

MONUMENT—Single white.

PRES LOUBET—Double reddish purple.

ALPHONSE LAVALLE—Double lilac.

Price \$1.50 to \$3.00, depending on size and variety.

MAGNOLIA PURPUREA — Wine colored flowers in spring. Grows slowly to 15 ft. 18 to 24-inch plants, \$5.00.

MAGNOLIA SOULANGEANA — Large purplish pink flowers in early spring, 4 to 5 feet — \$10.00.

NATIVE MOCK ORANGE—Single white flowers. 75c.

GORDON'S MOCK ORANGE—Single white flowers. 75c.

DOUBLE MOCK ORANGE—Ph. *Virginalis*. \$1.00 and \$1.25.

OCEAN SPRAY—Fine native with plumes of spirea-like creamy flowers in June. 75c and \$1.00.

FRENCH PUSSYWILLOW—A large blossoming form of pussywillow valuable for early spring cutting. \$1.00.

COMMON SNOWBALL — Round flowers 75c and \$1.25.

HIGHBUSH CRANBERRY—Same foliage as snowball but flat white flowers followed by clusters of berries. Fine for table decoration. \$1.00.

JAP SNOWBALL—We can supply both the round flowering type and the flat flowering. The latter has berries through summer that are colorful. \$1.50 each.

SPIREA ANTHONY WATERER — Pink flowers in summer. \$1.00.

KOREAN SPIREA—White flowers in the spring. \$1.00.

SPIREA THONBERGI (*Jap Spirea*)—\$1.00

TAMARIX AFRICANA — Feathery pink flowers in spring.

TAMARIX HISPANA—Pink flowers in the summer. \$1.50.

VINE MAPLE—Nursery grown plants of our native that is so colorful in fall. \$1.00.

VITEX MACROPHYLLA (*Chaste Tree*)—A large bush that flowers late in summer. Flowers somewhat resemble butterfly bush. \$1.50.

PINK WEIGELIA—75c and \$1.00

WEIGELIA—Red. \$1.00.

Evergreen Shrubs . . .

We have a very complete assortment of balled evergreen shrubs that are not listed in this list, which is primarily for shipping orders. Balled shrubs are too heavy for extensive shipping.
